DISCLOSURE DECLARATION FOR CE PROGRAM FACULTY/PROVIDERS/PLANNING COMMITTEE

The Division of Pharmacy Professional Development (DPPD) at the University of Wisconsin-Madison School of Pharmacy is accredited by the Accreditation Council for Pharmacy Education (ACPE) as a provider of pharmacy continuing education. Consistent with accreditation standards and our own internal policies, our goal is to insure balance, independence, objectivity, and scientific rigor in all educational programs for which we serve in a sponsorship/provider role. Thus, anyone who is in a position to control the content of an educational activity must disclose to DPPD all relevant financial relationships with any commercial interest. Disclosures will be reviewed by DPPD. Should it be determined that a conflict of interest might exist as a result of a reported financial interest, this will need to be resolved prior to the activity through a follow-up communication to be initiated by DPPD. Further, presenters are required to identify if they will address off-label use of any drugs/devices. The intent of these disclosure policies is not to prevent an individual from contributing to the content of a program; rather, the intent is to allow DPPD to openly identify and resolve factors which may impact program content and, in turn, allow program participants to form their own judgements about the program.

TERMS AND CONDITIONS

By completing/signing page 2 of this document, the faculty member/provider understands and accepts the following conditions as defined and required by the Division of Pharmacy Professional Development (DPPD):

1. **Disclosure.** A Disclosure Declaration must be completed/submitted not later than 45 days prior to the educational activity. Refusal to submit a Disclosure Declaration will result in disqualification from participation in the program.
2. **Commercial Interest.** Any entity producing, marketing, re-selling, or distributing health care goods or services consumed by, or used on, patients. This includes all commercial interests, not just those that might be directly related to the specific program for which a disclosure is signed. Providers of clinical service directly to patients are not commercial interests.
3. **Relevant Financial Relationship.** Financial relationship of any amount occurring within the past 12 months that create a conflict of interest; this includes relevant financial relationships of a spouse or partner.
4. **Fair-Balance.** Presentations must be fair-and-balanced, e.g., objective, free from promotion of a product, device and/or service, and scientifically rigorous.
5. **Unlabeled and Unapproved Uses.** Presenters who provide information in whole or in part related to non-FDA approved uses for drug products and/or devices must clearly acknowledge the unlabeled indications or the investigative nature of the proposed use(s) to the audience. Presenters who plan to discuss non-FDA approved uses for commercial products and/or devices must advise DPPD of their intent by indicating such on the signed disclosure form.
6. **Use of Generic versus Trade Names.** Presenters should use scientific or generic names in referring to products in their lectures or enduring materials. Should it be necessary to use a trade name, then the trade names of all similar products or those within a class should be used.
7. **Commercial Supporter Influence.** Presenters should not be subject to influence from a commercial entity regarding the content of their presentation.
8. **Faculty Honorarium.** A faculty honorarium will be paid only upon successful delivery/completion of the program. Payment of honorarium/expenses to faculty will be made directly by the provider or an educational partner approved by the provider.

INTRODUCTION

As a sponsor recognized by the American Dental Association's Continuing Education Recognition Program (ADA CERP), the University of Illinois at Chicago (UIC), College of Dentistry (COD) must ensure balance, independence, objectivity, and scientific rigor in all its direct or jointly sponsored educational activities. In keeping with the ADA's endorsement of the U.S. Food and Drug Administration (FDA) proposed policy statement on Industry Supported Scientific and Educational Activities (issued 1993), UIC COD has implemented a process whereby everyone who is in a position to control/influence the content of an educational activity must disclose all relevant financial relationships with any commercial interest (see definitions) in the therapeutic area of the activity. Failure to disclose will result in your disqualification from being a part of the planning and implementation of this CME activity.

In the areas indicated below please list the names of all proprietary entities producing health care goods or services, with the exception of non-profit or government organizations and non-health care related companies with which you have a relationship. You will need to include any financial relationships you have, or have had, within the past 12 months. Please indicate the nature of the relationship. UIC COD does NOT need to know how much you received, just the nature of the relationship that you have with a commercial interest(s).

This information will be disclosed to participants prior to any educational activities in brief statements in all educational activity materials.

DISCLOSURE ATTESTATION

Do you currently or in the past 12 months have any financial relationships with a commercial interest whose product(s) may be discuss in your presentation(s)? DEFINITIONS

Commercial Interest

A "commercial interest" is any proprietary entity producing health care goods or services, with the exemption of non-profit or government organizations and non-health care related companies.

Commercial Support is financial, or in-kind, contributions given by a commercial interest, which is used to pay all or part of the costs of a CME activity.

Conflict of Interest: Circumstances create a conflict of interest when an individual has an opportunity to affect CE content about products or services of a commercial interest with which he/she has a financial relationship.

Financial Relationships: Financial relationships are those relationships in which the individual benefits by receiving a salary, royalty, intellectual property rights, consulting fee, honoraria, ownership interest (eg, stocks, stock options or other ownership interest, excluding diversified mutual funds), or other financial benefit. Financial benefits are usually associated with roles such as employment, management position, independent contractor (excluding contracted research), consulting, speaking and teaching, membership on advisory committees or review panels, board membership, and other activities from which remuneration is received or expected.

Relevant Financial Relationships: The FDA focuses on financial relationships with commercial interests in the 12-month period preceding the time that the individual is being asked to assume a role controlling content of the CE activity. The FDA has not set a minimal dollar amount for relationships to be significant. Inherent in any amount is the incentive to maintain or increase the value of the relationship. The FDA defines “relevant financial relationships” as financial relationships in any amount occurring within the past 12 months that creates a conflict of interest.

Instructor Disclosure Form

Please indicate your understanding of and willingness to comply with each statement below. If you have any questions regarding your ability to comply, please contact Ana Lisa Ogbac, as soon as possible at 312-966-0485 or at aogbac1@uic.edu.

Agree	Disagree	
<input checked="" type="checkbox"/>	<input type="checkbox"/>	I have disclosed to UIC COD all relevant financial relationships, and I will disclose this information to learners verbally (for live activities) and in print.
<input checked="" type="checkbox"/>	<input type="checkbox"/>	The content and/or presentation of the information with which I am involved will promote quality or improvements in healthcare and will not promote a specific proprietary business interest of a commercial interest. Content for this activity, including any presentation of therapeutic options, will be well-balanced, evidence-based and unbiased.
<input checked="" type="checkbox"/>	<input type="checkbox"/>	I certify that the images in the presentation and content distributed in course materials have not been falsified or misrepresent the outcome of the treatment. Images for this activity, including any presentation of therapeutic options, will be well-balanced, evidence-based and unbiased.
<input checked="" type="checkbox"/>	<input type="checkbox"/>	I have not and will not accept any honoraria, additional payments or reimbursements beyond that which has been agreed upon directly with UIC COD.
<input checked="" type="checkbox"/>	<input type="checkbox"/>	I understand that UIC COD may need to review my presentation and/or content prior to the activity, and I will provide educational content and resources in advance as requested.

Agree	Disagree	N/A	
<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	If I am presenting at a live event, I understand that a CE monitor will be attending the event to ensure that my presentation is educational, and not promotional, in nature.
<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	If I am providing recommendations involving clinical dentistry, they will be based on evidence that is accepted within the profession of dentistry as adequate justification for their indications and contraindications in the care of patients. All scientific research referred to, reported or used in CE in support of justification of a patient care recommendation will conform to the generally accepted standards of experimental design, data collection and analysis.
<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	If I am discussing specific health care products or services, I will use generic names to the extent possible. If I need to use trade names, I will use trade names from several companies when available, and not just trade names from any single company.
<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	If I am discussing any product use that is off label, I will disclose that the use or indication in question is not currently approved by the FDA for labeling or advertising.
<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	If I have been trained or utilized by a commercial entity or its agent as a speaker (e.g., speaker's bureau) for any commercial interest, the promotional aspects of that presentation will not be included in any way with this activity.
<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	If I am presenting research funded by a commercial company, the information presented will be based on generally accepted scientific principles and methods, and will not promote the commercial interest of the funding company.

I have carefully read and considered each item in this form, and have completed it to the best of my ability.
